RULES TO KEEP YOU SAFE

Remember to always walk or play with a friend or friends. Remember to always walk along streets you know. Never take shortcuts through wooded areas or empty lots.

Remember if someone tries to take you away, fight, kick, and scream: "Help! This is not my mom or dad!"

Remember never to talk to strangers no matter how friendly they seem. Always stay at least an arm's length away from a stranger.

Remember to always tell your mom or dad with whom you will be, where you will be, and when you will be home.

Remember

Remember, if a car stops or slows down beside you, quickly run in the direction from which the car was coming. It takes awhile for a car to turn around after you. Run to where people are—to a neighbor's house, a McGruFF House™, or to someone working in a yard. Ask them for help.

Remember never to get into a stranger's car even if they say someone you love is hurt or if they say they are supposed to pick you up. Your mom or dad would never send a stranger to get you.
